Santa Barbara & Goleta

Tech giants make themselves at home on the South Coast

Conveniently located just 8 miles from **Santa Barbara**, the city of **Goleta** is nestled between a backdrop of majestic mountains and sprawling coastal bluffs. Home to beautifully-designed business parks, safe and family-oriented neighborhoods, and a world-class university, Goleta is among California's premier locations for businesses.

Hollister Avenue serves as a central corridor of Goleta, hosting a variety of blooming businesses in the research, development, medical, and technical fields such as Google, Citrix, and Inogen. The Santa Barbara Airport runs adjacent to Hollister Avenue.

Many companies are investing in the community – literally – by buying property for their own local operations. Deckers Outdoor Corporation recently built new international headquarters at Cabrillo Business Park. Raytheon, FLIR, and Karl Storz Imaging are other successful companies that own facilities in Goleta.
