BROKER PROFILE

EXPERIENCE

Rob Adams brings thorough analysis, creative problem-solving, and persistence to every transaction. His 18-year background as a commercial broker, residential builder, and CCIM has equipped him with expertise and vision to excel in all facets of commercial and investment real estate representation.

Adams began his commercial real estate career working directly with principal Scott Glenn in Santa Barbara, where he gained valuable experience in the local market. Rob then pursued his entrepreneurial dream in 2004, launching a residential building company in his hometown of Tucson, Arizona. Experiencing both the robust economy and the downturn that followed pushed Rob to refine his ever-growing skillset and embrace outside-the-box thinking.

Adams returned to his passion of commercial real estate in Santa Barbara in 2015, bringing his skills, values, and drive – plus extensive relationships throughout Southern California – to serve each client.
